## NEWS FROM HERE AND ABOUT

From Stockholm, Sweden and the Fleetwood Family:

"Oliver will be joining the Winona staff in 2008. Filippa is spending this semester at the National University of Singapore. She applied for an internship at a lab at Brown University this summer (June-July) and was selected for the post, which made her very happy since she hoped that it would make it possible for her to visit Winona. Mathilde is enthusiastically pursuing her studies in tailoring at the Stockholm Academy for Pattern Construction and Design. She has applied for an internship at a summer opera house and is waiting for a decision by the ensemble management. She maintains regular contact with her Winona friends over facebook."

.....  
Chris Knight - INTY Unit Director/2008 sent the following news:

"Our warmest greetings to all on the shores from the travelling Knights... We are currently in India on the final leg of our travels that have taken in the USA - Maine, NYC, Delaware, California, Arizona & Nevada - Fiji, New Zealand, Australia and now India. We are looking forward to getting back to UK on April 16th 2008 - 10 months since we left home. Just in time to sort our visas before we head back to the USA for the 101st season on the shores. JJ and Dylan are already really fired up for their 2nd full season on the shores and have talked about little else for the past few days; reminiscing about the 100th and planning activities and showings for the 101st...JJ is bigger and stronger than ever and convinced the 101st is his year to catch the Bat! So even Junior bat showings could be a little nerve racking in 2008. He is also looking forward to ensuring it is a Grey Mohawk Banner this year. Dylan may have something to say about that! He is seriously convinced it will be a Red Senneca Banner this year (you know what - he might just be right...) He is bigger and faster and wants to catch the Stick and show it this year. Sara and I are looking forward to suspending reality for another two months on the shores, before it's back to reality in September. We are so looking forward to seeing everyone in June and being part of the beginning of Winona's second century. The 101st! We still can't quite believe we are coming back..."

Winsor Wesson sent the following note and pictures:

"Hey Spencer - Hope all is well on the shores. I can't wait for June to roll around, the agony of freezing cold temperatures but no snow is too much for a man to handle here on the other side of the world. I just found pictures of the first ever Japan reunion, from Scott's visit in December, and thought I would share them with you. We tried to sport as many Winona logos as possible. Waiting for June...Winsor"
