As Spring struggles to arrive, we're still digging out here on the shores of Moose Pond

## NEWS FROM HERE AND ABOUT...

**J. Brett Murray** sent along this news about his trip to Costa Rica:

"It's amazing how many of the gringos down here are from Maine and New Hampshire. I was sitting under the sun the other day talking with a kid from Needam, Mass about cruising down the Saco. And even closer to home there is a local that my boss hires for odd jobs who spends three to six months in the states every year and works in Gorham. Knows exactly where Bridgton is. Small small world. The saying down here is 'Pura Vida' which means pure life, not as good a Brix Brax, but it does the job. So pura vida and good luck with all the preparations."

THIRD IN BOARDERCROSS – **Jonathan Scheidegger** (Wi 2003-09) of Bethel competed in the USASA Nationals qualifying event at Sunday River. In one of the most competitive groups, he finished third in two competitions. **Jonathan** rides with the Gould Academy Competition. The event was also a charity event known as "Tucker's Boardercross for Cancer". **Tucker Olmsted** (Wi 2000-2002) was a Sugarloafer who raced in the Maine Mountain Series and who lost his battle with cancer at age 12.
